Oral Examination

European Union Law

Recommended Textbooks:

1. By way of introduction:

Jaeger, Introduction to European Union Law, Vienna 2021, and

Rosas/Armati, EU Constitutional Law - An Introduction, 3rd ed. 2017.

2. In depth:

Schütze, European Union Law (with BREXIT coverage), 2nd ed. Cambridge 2019.

3. Central points of discussion:

Constitutional Foundations of The European Union; External Powers; Executive Powers; Judicial Powers (Centralised and Decentralised European Procedures); EU Fundamental Rights; Free Movement of Goods (Negative Integration and Positive Integration); Free Movement of Persons (Workers and Beyond); Free Movement of Services; Freedom of Establishment; Free Movement of Capitals; Competition Law and State Aid Law; Internal Policies (Overview); European Monetary Union.

Interested students are strongly encouraged to work with and add study literature of their own choice.
